

## **People Are Obsessed With This Unique Circular BBQ Party Boat**

**Perfect For inland waterways, lakes and calm ports,** [BBQ party boats](#) offer you the experience of barbecuing and enjoying your favorite food while driving on water with a changing landscape. Although the ship is circular, its hard outer covering makes it possess many advantages.

### **Family, Friends and Business**

BBQ's party boat not only provides family with happy days, but also provides a great way for you to promote your business. Let your employees, guests and customers enjoy this unique experience. Take it to an activity or a fair. Because it is conspicuous both on water and land, it can attract people's attention wherever it is.

### **Materials & Equipment**

We built the BBQ Party Boats with craftsmanship and high quality materials and components.

### **Hard Shell Hull**

The boat is made of high density polyethylene or fiberglass according to your choice and meets the standard with a Honda outboard motor.

### **Functions**

Packages are available with great functions. For example, it has the low-smoke grill, folding sunshade, LED rainbow lighting, MP3 player and sound system, ice beverage bowl, under-seat storage and so on. Please check out our software package for more features and specifications.

### Why Choose a BBQ Party Boat?

- The hard outer covering is made of high density polyethylene or fiberglass according to your choice, so it won't puncture and leak air like an inflatable.
- You can barbeque and enjoy your meal while running on the lake and appreciating the scenery.
- The conspicuous circular design can accommodate up to 10 people.
- Equipped with a barbeque, circular table and a shade umbrella.
- Very low draft so it doesn't move hard in shallow water.
- Easy to manipulate and it runs smoothly.
- The price is the same as a high-end jet ski.
- Years of fun on the water.
